MORRELL
OPTICAL PRODUCTS

This unique case is the largest airline carry-on hard case. No need to check it. Case is designed to fit in most major airline overhead compartments. Wide track wheels and built-in telescoping tote handle for easy rolling. Automatic pressure purge system. Molded-in padlock holes (fits standard size Masterlocks®). Latches are available with keyed chrome metal locks or plastic non-corrosive locks. Also available with easy-to-install and cut foam padding for other delicate instruments.
